

ENVIRONMENTAL POLICY

This policy applies to all work undertaken by HLTree Services and to any sub-contractors used in the carrying out of that work.

HLTree Services is a small local business based in the village of Pittenweem in the East Neuk of Fife. The business was established in 2015 and provides tree surgery and arboricultural services in Fife and the surrounding areas. HLTree Services will aim to reduce its impact on the environment by ensuring that:

- All legislation relating to working on trees is complied with, including when such work can be carried out.
- All staff/sub-contractors on site are aware of the need to minimise impact on the environment, particularly regarding fuel/oil spillage.
- Should such spillage occur immediate steps will be taken to minimise the effect on the environment by deploying spill kits provided.
- Care will be taken when working near any water or water course to minimise the risks of any such spillage or other environmental damage.
- Any waste generated will be removed as required by the client and disposed of at properly operated waste disposal sites.
- In all cases the work site will be left safe, clean and tidy.

The business will continue to monitor legislation relating to its activities and communicate relative information to sub-contractors and clients. This policy is available to the public via the company's website.

Signed

A handwritten signature in blue ink that reads 'Harry Thomson'.

Sole Proprietor.
